Open Your Heart believes that all Minnesotans should be free from hunger and homelessness. We ensure that emergency shelters, homeless outreach programs and food shelves have the resources and infrastructure necessary to best serve those in need.

When hundreds of our neighbors were tragically displaced in December of 2019 due to the Drake Hotel fire, Open Your Heart quickly provided emergency financial support directly to those impacted toward assistance securing apartments, deposits, replacing lost documents, and anything else they needed to get back on their feet.

The fastest growing segment of the homeless population this decade has been among individuals aged 55 years and older. Open Your Heart’s Homeless Senior Project supported shelters and other Minnesota facilities in helping seniors experiencing homelessness with housing, food assistance, transportation, and much needed financial assistance for permanent housing.

“With a significant increase in capacity through Open Your Heart support, our service delivery has grown in exactly the areas most in demand and able to make the most impact. Our enhanced intake for fresh and nutritious produce, frozen proteins, and milk is responsive to community need and empowers family choice. Thank you for this meaningful support and the great partnership over the years!”

“With our Open Your Heart grant, Rochester Public Schools was able to quickly provide students with access to reliable transportation, clothing items, hygiene products and other emergency items that we might not have been able to access otherwise. It was a weight lifted off the shoulders of the students with whom we work, and a relief to be able to help so many students in need.”
